HOW TO READ A WOOBLES PATTERN

For round 3, repeat the pattern in the brackets 6 times. The pattern is: single crochet in 1 stitch, then increase stitch in the next stitch. Because an increase is actually 2 single crochet stitches in the same stitch of the previous round, the total number of stitches in this round is 18.

ABBREVIATIONS

This pattern is written in US terminology, and crocheted in continuous rounds. Watch video tutorials at thewoobles.com/tutorials

HEAD & BODY

With green yarn.

TIP

Keep track of where you are by placing a stitch marker in the first stitch of the current round.

Rnd 1. start 6 sc in a magic loop (6)

Rnd 2. 6 inc (12)

Rnd 3. [sc, inc] x 6 (18) **Rnd 4.** [2 sc, inc] x 6 (24)

Rnd 5. 6 sc, 8 inc, 10 sc (32)

Rnd 6. [7 sc, inc] x 4 (36)

Rnds 7-8. 36 sc (36)

TIP

Your piece might start curling - that's totally normal. For a neater final look, push the middle of your piece until it curves the other way. This makes the "right side" face out. Then keep crocheting to the left. If you're a lefty, keep crocheting to the right.

Attach the eyes to the front side of the head (the side that sticks out more from the body) between rounds 6 and 7, with a 17-stitch space between them. If this amigurumi is for a baby or pet, embroider the eyes instead. Stuff the head and body.

Rnd 20. 8 dec (8)

Fasten off leaving a long tail. Thread a needle with the tail; then use it to pull the yarn tail through the front loops of each stitch. Pull tight to close the remaining gap.

TAIL

With green yarn.

Rnd 1. start 4 sc in a magic loop (4)

Rnd 2. [sc, inc] x 2 (6)

Rnd 3. 2 sc, 2 inc, 2 sc (8)

Rnd 4. 3 sc, 2 inc, 3 sc (10)

Rnd 5. 4 sc, 2 inc, 4 sc (12)

Rnd 6. 5 sc, 2 inc, 5 sc (14)

Invisible fasten off leaving a long yarn tail. Stuff lightly. Thread a needle with the yarn tail. Use it to sew the dinosaur's tail piece to the middle of the dinosaur's back, spanning rounds 14 to 17. Make sure that the inclined part of the dinosaur tail, which is the side opposite the yarn tail, is facing up.

ARMS

With green yarn (make two).

Repeat the following steps on each side to create two arms:

Step 1.

SI st join the yarn to one side of the body between rounds 12 and 13, aligned roughly with the eyes. Insert the hook into the dinosaur's body from the back to the front of the body.

Step 2.

Ch 3.

Step 3.

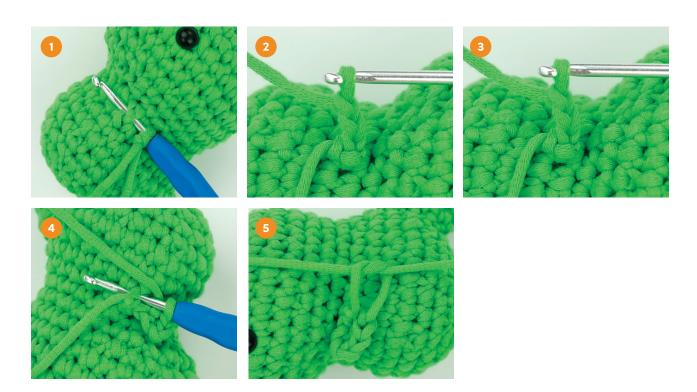

Sc into the second ch from the hook, sc.

Step 4.

SI st in the stitch where you made the sI st join, from the front to the back of the body. Both yarn tails should be coming out of the same hole.

Step 5.

Fasten off. Tie the yarn tails together and hide them.

SPIKES

With yellow yarn (make five).

Rnd 1. start 4 sc in a magic loop (4)

Rnd 2. [sc, inc] x 2 (6)

Invisible fasten off leaving a long tail. Thread a needle with the tail and use it to sew each spike to the middle of the dinosaur's back. Attach the first spike to the tip of the tail and work your way up. There should be one to two rounds between each spike.

BELLY

With yellow yarn.

Thread a needle with an arm's length of yarn. Use it to embroider five belly stripes in horizontal lines, starting between the arms and working down the body:

Step 1.

Make the first belly stripe in between the arms. Insert the needle somewhere off to the side of the dinosaur and bring it out one stitch to the left of the right arm. Leave a 6-inch tail.

Step 2.

Insert the needle one stitch to the right of the left arm. Make the second stripe a little wider by bringing the needle out one round down and a little left to the left.

Step 3.

Insert the needle in the same round but one stitch to the right of the right edge of the first stripe. Bring it out one round below and a little to the right.

Step 4.

Make a total of five stripes with this method. The fourth and fifth stripes should gradually get narrower.

Step 5.

When the last stripe is finished, bring the needle out where it originally started. Tie a knot with both yarn tails and hide them.
